

Applications for Sullins Connectors:

- Aircraft Electronic Controls and Radio Communications
- Computing Equipment and Peripherals
- Consumer Electronics and Household Appliances
- Office Equipment
- Automotive Electronics and Accessories
- Casino Gaming Devices
- Medical Devices
- Industry Machinery and Process Control Equipment
- Telecommunication
- Vending Machines
- Burn-in Ovens and Test Equipment
- And more...

The Sullins Advantage

- Five-day Lead Time*
- Free Samples – Fast!
- High Quality and Reliable Connectors
- Engineering Design and Technical Support
- Connector Experts at Your Service Assist with Specific Project Requirements
- Design and Build Custom Parts to Suit Your Needs
- RoHS Compliance

Headers

Features and Benefits:

- Available in a large variety of male and female header types for all kinds of applications
- Comes in 1.0mm, 0.050", 2.0mm, and 0.100" contact centers
- Various insulator heights to accommodate different application needs
- Available in board stacking configurations
- Choices of termination types include straight, right angle, and surface mount
- Various plating options, including full gold, selective gold, and pure tin
